

TEAM SKILLS ADDITIONAL COMMENTS:

Manager Comments

Summer has been an excellent addition to the team and always asked questions to gain more clarity and understanding of context around the work that needed to be done, and how her role would fit in to the bigger picture.

INTERPERSONAL EFFECTIVENESS ADDITIONAL COMMENTS:

Manager Comments

Summer has been great to have on the team. She has a good sense of humour and is easy to get along with. Very easy going but at the same time is quick to voice her concerns over any challenges she might face or foresee.

JOB SKILLS ADDITIONAL COMMENTS:

Manager Comments

Her skills were highly valued by all team members. She did a lot of investigative work at the beginning to set up the research potential for this project. The data plots and analysis that she was able to construct with little direction really set things up nicely going forward. She is very thorough and logical in her approach to data analysis, and she was quick to investigate and discover solutions as needed. Honestly, this project would not be where it is currently without her efforts. She did an incredible job presenting her work to the clients and participating agencies. She has a unique ability to present the information in a very approachable and comprehensible manner which isn't easy.

Additional Comments:

Manager Comments

We wanted to extend her term but were unable to due to conflicts with her academic plan.
